Hotel Restaurant Florida

A warm welcome

Geographical location

The village of Studen is located in the middle of the Bernese Seeland, not far from the Jura valley, between Biel and Lyss. The Florida borders directly on a nature reserve and is easily accessible by public and private transport. The facility enjoys an idyllic location by the forest lake with many water birds and flamingos.

Origin and description of the establishment

In 1948, Heidi and Ernst Wegmüller bought 300 acres of land. By 1956, they had already built a campsite with a small restaurant called "Camp Florida". The nature-oriented facility quickly became a popular destination for excursions, which prompted the couple to expand the café with a large tropical plant hall. Self-grills and dessert specialities were trendy, as the number of visitors clearly showed. The tropical plant restaurant was constantly expanded over the years and a minigolf and miniature golf course were added. Soon after, the campsite was closed and converted into a parking lot to accommodate the increasingly mobile crowd of guests.

The second generation, Christine and Urs Schwab-Wegmüller, took over the business in 1972. After eight years in business, they opened the extraordinary dancing bar with Live Music. In 1997, after a 14-month construction phase, they opened the Hotel Florida with 50 rooms.

In 2009 Stefanie Schwab took over the business as the third generation.
